

PRODUCTION 8

Tidy Computer Lab

Below is a picture of your kit items. You will also note the proper placement of kit within the computer lab:

Your kit should include:

- Measuring tools (ruler, 2 triangles, & compass)
- Glue gun
- 12 glue sticks
- Scissors
- Utility knife
- 1 sheet of foam core

Some housekeeping rules to keep things running smoothly:

- Tuck your chair in at end of class
- Sweep the floor
- Only touch your kit
- Put your kit back at the end of class
- Use your resources wisely (you will not be given more resources)
